## Dear Expert:

- “Attorneys can’t retain experts they can’t find.”

- 60 Million people went online in search of health and medical information in 1998. Further, over 90 percent reported that they found the information they were looking for. Source: Louis Harris & Associates

- Online transactions are projected to reach \$370 billion by 2004. Source: Forester Research, Inc., January 10, 2000

- “Internet portals that bring focused demographics to one place are a goldmine for promotion.”

- An estimated 85% percent of U.S. physicians are Internet users. 63% of physicians surveyed use e-mail daily. Source: Healthcon Corporation

- “Put your advertising dollars where your potential clients already are.”

**JurisSolutions** is one of the most active IME and expert witness referral mechanisms available to enhance an Expert’s practice. Right now you can take advantage of an incredible offer to become a member of JurisSolutions’ Online Directory of Experts for only \$199 for a yearly profile and **gain exposure to thousands of attorneys and professionals in search of your services.**

With cutting-edge technology, our website is the only site designed to target law firms, insurance companies, government agencies, investigative firms, physicians and IME companies interested in retaining your services. This is achieved through rich, interesting and informative content, features, articles, and pertinent links as well as other qualified expert witnesses, like you. From the ground up, our site **ensures that your services are promoted to all potential clients.** A free real-time database with interactive search capabilities is employed along with the latest technology and design techniques to help users easily search by name, specialty, subspecialty, and geographic location. Through print advertising and search engine optimization we drive traffic directly to your listing.

Much more than a mere directory, our site gets relevant information directly to those who need it for free, without any complicated registration or membership. In this way, we feel that JurisSolutions is the **most cost effective way to build and supplement your practice as an expert in your field of specialty.** Due to our current low fees, if even one arrangement is made, the service we offer pays for itself numerous times over. [Click here for our online membership form.](#)

Right now the yearly fee for a standard online customized searchable profile is \$199. You choose the category(s) that best describe your expert specialty. Each additional category is \$25. Enhance your profile by mailing or e-mailing your picture along with your application (now, or at a later date) and we will post it alongside your profile. We are also offering our 3 year prepaid membership at \$495, a savings of over \$100. If you are not an expert, but you or your company offer a litigation support- type service, and you would like to be listed in our Litigation Services Directory, your contact information can be listed there for only \$99.

In short, we feel that we offer an outstanding opportunity to take advantage of the most exciting, dynamic, and far-reaching tool for advertising and promotion ever. We invite you to avail yourself of our services, and have **JurisSolutions.com work for you.** Please feel free to [contact us](#) personally at 516-935-8747, toll free at 1-877-935-8750, or by email at [legalStaff@jurissolutions.com](mailto:legalStaff@jurissolutions.com).

Sincerely,

Joseph F. Gangi, Esq. & Elyssa Burack, Esq.

## About Us (last updated 9/03)

### **The Company:**

JurisSolutions is a superior hybrid of the traditional IME Company combined with an Expert Witness Consulting Firm, Expert Witness Directory, and Online Searchable Database of thousands of Experts in every specialty located in every state and abroad.

As attorneys with personal litigation experience, **it is often said that we are experts in the expert consulting industry** since our business-to-business consulting services center around experts, expert witnesses, and the expert industry in general. If you have used JurisSolutions' services in the past, you know there will never be a need to look anywhere else for experts. Our specialized comprehensive service means that if you are unable to locate a suitable expert in our [online database](#), you can [call](#) and speak to an attorney who will personally locate an expert for you. There is no other company or website that offers this level of personal, professional service. Whether the case calls for an expert who represents the plaintiff or defense, we are solely concerned with providing our clients with the right expert and will stop at no ends to achieve this goal quickly and professionally.

### **Our Services:**

Our consulting division is actively involved in two major areas:

#### **1-Providing Excellent Full Service Independent Medical Evaluations (IMEs)**

As former litigators, we specialize in liability cases. We understand the complexities of the issues and parties involved in the IME process and embrace each referral with a thorough understanding of the meaning of a defense-oriented IME. Through the entire process, from dealing with plaintiff's counsel to having the final report proofed by an attorney, you will find we are very capable, efficient, and professional. With thousands of pre-credentialed medical experts located all over the country, as well as abroad, we are readily able to conduct IMEs virtually anywhere.

Similarly, when it comes to handling disability evaluations, we hand-select the physicians based on experience, hospital affiliation, board certification and location. Our quality assurance ensures that our medical expert understands the issues to be addressed in his/her report. We are concerned with our clients' guidelines as well when it comes to the type of disability coverage as well as the return to occupation specification. We ask that our doctors base their conclusions on positive physical findings and objective measures concerning occupational functionality. [More information on our IME services can be found here](#), or [request an IME online now](#).

#### **2-Locating Qualified Medical, Scientific, and Technical Experts**

Our [Medical, Scientific and Technical Experts](#) are available to give their expert opinion and testify on your behalf. In addition to conducting IMEs, we accept expert

referrals for expert testimony, reviews for merit, damage calculations, loss of earnings, assessments, opinions, case management, surveillance, etc. We draw on our own professional experience to impartially provide both plaintiff and defense experts to save our clients time, money, and resources.

## **Our Website:**

With experience, education and leadership as major driving forces, our website is the natural result of what we feel best represents our industry on the Internet. The reason for this is not simply because it holds the most comprehensive searchable database of experts, but because its' content is designed to be useful for professionals in our industry. This distinguishes us from other online-only databases that list thousands of categories with no experts in them. Further, our website's content compliments our consulting services as an **excellent resource of experts, and information related to Expert Witness Consulting, Litigation and Independent Medical Exams.**

Our website was launched with the idea that an informational and educational forum will allow the legal, medical and insurance professions to work more efficiently together. Providing a nexus for these professionals to meet and exchange ideas and services across professional and geographic boundaries is still our number one goal today.

As we have continued to grow, our website now has many exciting and useful resources available, such as:

Search: Thousands of experts in our nationwide online database.

Internet Search: Choose up to 4 major search engines at once from the 12 most popular search sites.

JurisProducts: Our online store showcasing books, audiotapes, videos and seminars by outside consultants to help the litigant, counsel and expert.

Current Legal News: Updated daily, legal news articles from various sources are available right on our homepage.

Weather: Check out your local or national weather.

Financial Info: Check a stock quote or a company profile, incl. performance.

Legal Articles: Updated legal magazine articles from various publications are assembled on our Articles and Information page.

Research: A collection of Medical-Legal research and search tools.

Helpful Forms: IME Forms, Retainer Agreements, etc.

Links of Interest: An abundance of useful legal, medical and professional links.

Litigation Support Services Directory: Locate key litigation support services companies.

Articles and Information: Browse through our featured articles relevant to expert witness consulting.

Lectures and Seminars: Find out what seminars are currently being offered in our industry.

Our website also contains an [online IME Request form](#), which we consider the best way to make your IME and Expert requests. All of your information is then electronically sent directly to us for immediate attention to your request. Your IME will be scheduled right away and the process proceeds from this point with our office handling every detail along the way.

### **In Summary:**

JurisSolutions is currently the most innovative and professional expert witness consulting firm and legal services company. Our purpose is to service the legal, medical and insurance professions by providing **superior IME and expert witness services**. In the future, we will strive to establish creative new ways to support the legal industry and further business-to-business contact between attorneys, physicians and insurance professionals, and at the same time, provide useful information and content on our website.

I would like to print out an:

1. **IME Sales Package** (this package)

2. **Expert Membership Information Package**

# General Expert Witness FAQ

**What is JurisSolutions?**

**How can I retain a Scientific/Technical Expert?**

**What are your fees?**

**How can I retain a Medical Expert for my Medical Malpractice case and what are your fees?**

**Do you specialize in plaintiff or defense cases?**

**How many experts do you have?**

**How can I search for an expert?**

**How do you differ from other expert witness referral companies?**

**I am an expert, how can I join JurisSolutions?**

**How can I be more proactive in JurisSolutions?**

## 1. What is JurisSolutions?

We are a superior nationwide [Expert Witness](#) and [Independent Medical Evaluation](#) consulting firm with thousands of qualified Medical, Scientific and Technical Experts available to give their expert opinion and testify on your behalf. We accept expert requests for IMEs, expert testimony, and reviews for merit, damage calculations, loss of earnings, assessments, opinions, etc. and CVs are provided at no charge. We further specialize in [Medical Malpractice Cases](#) and our dedicated staff will search for and provide medmal experts with special attention to the complexities of your case.

Our other services include a [searchable online expert database](#), which provides free access to over 5,000 experts and experienced expert witnesses in all 50 states and beyond. Our website located at [www.JurisSolutions.com](http://www.JurisSolutions.com) also offers articles and information, current legal news, a medical-legal research section, and links of interest. We also feature an [online store](#) complete with audiotapes, videotapes, and books, and seminars designed to aid litigants, experts, insurance professionals and doctors involved with IMEs/expert testimony.

## 2. How can I retain a Scientific/Technical Expert?

You can [email your request by clicking here](#), or call us at 516-93-JURIS (516-935-8747) or toll free at 1-877-935-8750 Monday-Friday during the hours of 9:00 am to 6:00 pm EST and explain the details of your case and we will find you the right expert. If you are looking for a scientific or technical expert, we will fax you the CVs of qualified experts for you to peruse at no charge. We will quickly find the expert you need and give personal attention to your case.

## 3. What are your fees for Scientific/Technical Experts?

© Copyright 2001 JurisSolutions, Inc.

No part of these materials may be altered in any way or distributed in their entirety, and in accord with their intended purposes as informational, promotional, and marketing materials for the sole benefit of JurisSolutions, Inc.

In most instances, the experts pay our referral fee, not you. And, in most instances, the expert's billing will be negotiated and handled between you and your expert directly without interference or padding of bills by our office. Unlike other expert witness referral companies, we tend to stay away from the billing issues so as not to interfere with the credibility of the services we provide. Our service is to put you and our expert in touch with each other. Any subsequent business arrangements are free to be negotiated between client and expert.

**4. How can I retain a Medical Expert for my Medical Malpractice (medmal.) case and what are your fees?**

Medical Malpractice cases require the type of expert who must be willing to stand by his/her findings even though it may differ from one of their peers. A balance must be struck between an attorney's "wish-list" of desired characteristics for their expert and the number of medical experts who are willing to take on this role. One of the attorneys here will find you the right experts for your malpractice case. At the time of request, a one-time fee, usually a retainer of \$500, is required per specialty. Usually within hours, or in a day or so, you will receive 1-2 medical expert's CVs we feel fit your criteria and the issues of your case. If you would like to view more expert's CVs, we will forward up to a total of 3-5 CVs or more, depending on your case. We feel a balance is thus struck between the highly specialized professional services we provide for our experts and your desire to find a qualified expert with ideal characteristics.

**5. Do you specialize in plaintiff or defense cases?**

We specialize in providing expert witnesses and maintain an honest, independent, and unbiased approach toward expert witness consulting. Whether the case calls for an expert who represents the plaintiff or defense in the matter, we are concerned with finding and matching the attorney or insurance professional with the right expert and will stop at no ends to achieve this goal.

**6. How many experts do you have?**

Our in-office database has thousands of qualified experts in every specialty and subspecialty across the country. Our office maintains files on each expert complete with their CVs, licenses where required, and other pertinent data, which can be faxed at your request. You can also use our website to search for those experts with online profiles.

**7. How can I search for an expert?**

Go to the [search section](#) of our site where you can search for a medical, scientific or technical expert by specialty or name. If your results return a partial profile, you can then contact our offices to get in touch with the expert. If your results return a full

profile of one of our “member experts,” feel free to contact the expert directly through his email address, telephone, fax or by regular mail. Be sure to tell them you saw their information on JurisSolution’s website.

#### **8. How do you differ from other expert witness referral companies?**

JurisSolutions offers clients expert consulting services quickly and with personal legal attention. Instead of a static online list of more specialties than actual experts, we offer thousands of actual results, plus the ability to [call us directly](#) to have us locate and retain the expert you need right now. In addition to personal expert referral services, JurisSolutions’ nationally recognized website offers a host of other services that are informational, educational and specially created for the expert witness/litigation community. It also offers users the ability to search for their own experts without the necessity for involvement on our part. The online database is searched upon everyday furthering direct business-to-business contact between attorneys, experts, and litigation support service people.

#### **9. How can I join JurisSolutions?**

If you are an expert or you know of an expert who would like to do more expert consulting, you can [join JurisSolutions’ Online Membership](#) for only \$199 for a yearly membership and have all of your credentials, and contact information displayed and searched for by thousands of our users everyday. You can also enhance your profile with a photo. Usually your profile will be posted the same day we receive your information. All you need is one referral and your money will have been well spent.

#### **10. How can I be more proactive in JurisSolutions?**

If you offer a related service, you can submit your site to be linked with ours. If you want to list your service in our [Litigation Services Directory](#) for only \$99 per year, your listing will be posted immediately or if you are an expert and want a searchable profile, you can join for only \$199 for a year. If you would like to submit original articles or other information that our readers would enjoy, please either [mail](#), [fax](#) or [email](#) them to us. You can also join JurisNews’ mailing list to receive our online newsletter and upcoming lecture information quarterly.

## **SAMPLE MEDICAL PROFILE**

**Sample, Samuel, M.D.**

1512 Main St., Ste. 21  
Miami, FL 33165  
Dade County
